LB 172, 593, 712A

CLERK: I have a quorum present, Madam President.

SENATOR CROSBY: Thank you, Mr. Clerk. Any messages or announcements?

CLERK: Just one item, Madam President. Senator Hartnett has amendments to be printed to LB 593. That's the only item I have.

SENATOR CROSBY: Thank you. We will return to LB 712A Senator Wesely, your light is on for discussion.

SENATOR WESELY: Thank you, Madam President, and members, Senator Chambers, when we left this morning, had filed a motion to kill the bill. I just want to let you know the amount we're talking about under the A bill is \$39,000 General Fund for '95-96, and \$50,214 for '96-97. So the cost of the A bill is rather nominal between about 39 and 50 thousand dollars. So I don't think that that was the point of the motion to kill though. I think it was more or less to again continue the debate on 712. So I rise in opposition to the motion to kill LB 712A.

SENATOR CROSBY: Any further discussion of the IPP motion on LB 712A? Is anyone authorized to close for Senator Chambers? Seeing no further discussion, the question is the...the question is the moving the...to move LB 712A from Select File. Senator Maurstad. All in favor say aye. Opposed no. The bill is advanced. We will continue with LB 172. Senator...

CLERK: (LB) 172 on Select File has been discussed. Senator Chambers had made a motion to indefinitely postpone the bill. Senator Chambers I believe is excused until he arrives. I do have an amendment.

SENATOR CROSBY: And who's amendment is it, Mr. Clerk?

CLERK: Senator Matzke would move to amend the bill, Madam President. (See Senator Matzke's AM1234 on page 1331 of the Legislative Journal.)

SENATOR CROSBY: Senator Matzke, on your amendment.

SENATOR MATZKE: Madam President and members of the Legislature, this is a relatively minor amendment to a good bill. This, of
